If you are an active member unable to serve lunch duty, please attempt to switch duty with another member from another month. Because we need servers actually at the lunch, paying \$30 instead of serving should be a very last resort for you. We all thank you for your cooperation.

Please keep your current nametag & use it at upcoming 2009-10 meetings. Do you need a replacement? Were you a new member with a yellow nametag? Or, are you an outgoing or incoming board member?

There is a space limitation for the yearbook. Please check only up to eight (8) interests below. In most cases there is an existing group or network for a particular interest. Even if there isn't an active group, this list will identify members who share a common interest so you all can gather and share.

REMEMBER, a maximum of eight (8) notations will make it into the yearbook.
